TOTAL DONATION AMOUNT: _____

walk for down syndrome

GROW ACCEPTANCE. CELEBRATE EXCEPTIONALITY.

Community support and enthusiastic families have helped grow the Designer Genes Walk for Down Syndrome into what it is today. Hosting 2,000 people from the community walking in support of individuals with Down syndrome and other disabilities sends a powerful message to those who are supporting and caring for them.

We are gearing up for another walk and hope you will consider being a sponsorship hero at one of the largest disability acceptance walk in the state. The Designer Genes Walk for Down Syndrome brings together those with Down syndrome, their families, friends, and local supporters. It spreads the message that individuals with Down syndrome possess a wide range of abilities and create exceptionality in our community. Your sponsorship showcases your support for an inclusive community.

Designer Genes of ND, Inc. is a non-profit organization that provides supports and services for individuals with Down syndrome and their families. The Designer Genes Walk is our annual signature awareness and fundraising event.

We will host our 19th annual Designer Genes Walk for Down Syndrome on Saturday, September 24th, 2022. We've enclosed a list of how your dollars impact our community and support our mission to strengthen opportunities for individuals with Down syndrome and those who support them to earn, learn and belong. Enclosed you will find a sponsorship form with giving opportunities we hope you will consider.

Your sponsorship is tax-deductible. If you'd like to support our efforts please respond by August 1, 2022. Please feel free to contact us if you have any questions.

Sincerely,

Roxane Romanick and Sandy McMerty
